

WOODLANDS PRIMARY SCHOOL

SPECIAL EDUCATIONAL NEEDS AND DISABILITY (SEND) POLICY

Date Completed: July 2016 Review Date: May 2018

Completed by: F. Dean (Deputy Head/SEND Co-ordinator)

WOODLANDS PRIMARY SCHOOL

SPECIAL EDUCATIONAL NEEDS AND DISABILITY (SEND) POLICY

This policy complies with the statutory requirements laid out in the SEND Code of Practice 0-25 (September 2014) 3.65 and has been written with reference to the following guidance and documents:

- Equality Act 2010: Advice for Schools DfE February 2013
- SEND Code of Practice 0-25 (September 2014)
- School SEND Information Report Regulations (2014) www.sendgateway.org.uk

Woodlands Primary School is an inclusive school. We take safeguarding very seriously and all of our policies are developed with a high priority on children's safety and in the light of our Safeguarding Policy. All of our school policies are interlinked and should be read and informed by all other policies. In particular, the SEND policy is linked to Behaviour, Anti-Bullying, Medical and Curriculum policies.

We have produced a guide for parents of children with SEND. Woodlands SEND Information Report is available from our website and is a comprehensive set of 'Frequently Asked Questions' which explains how our school supports children and parents. The website also includes a link to West Cheshire's Local Offer for parents of children with SEND.

This SEND Policy is written to comply with the Children and Families Act (2014) SEND Code of Practice (2014) and the Equality Act (2010).

Inquiries about an individual child's progress should be addressed, in the first instance, to the class teacher, since he or she is the person who knows the child best. Other enquiries can be addressed to:

- SEND Co-ordinator for school

Please make an appointment via the school office if you wish to speak to the SEND Co-ordinator.

Headlines from the SEND Code of Practice 2014

As from September 2014:

- No more statements will be issued by the Local Authority. Statements have been replaced by Education, Health and Care plans (EHC Plans) which can be used to support children from birth-25 years
- `School Action` and `School Action Plus` have been replaced by one school based category of Need known as `Special Education Needs Support` (SENS). All children are closely monitored, and their progress tracked each term. Those at SENS are additionally tracked by the SEND Co-ordinator
- There are four broad categories of SEND:
 - Communication and Interaction
 - Cognition and Learning
 - Social, Emotional and Mental Health
 - Physical and Sensory

We have children in all these categories of SEND.

- We work closely with parents and children to ensure that we take into account the child's own views and aspirations, and the parents' experience of, and hopes for, their child. Parents are invited to be involved at every stage of planning and reviewing SEND provision for their child.
- All children benefit from `Quality First Teaching`: this means that teachers expect to assess, plan and teach all children at the level which allows them to make progress with their learning. In addition, we implement some focused interventions to target particular skills
- We have high expectations of all our children. Children on our SEND register make progress which compares well with the progress made by other children in school

Defining SEND

The 2014 Code of Practice says that:

`A person has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for him or her. At compulsory school age this means he or she has a significantly greater difficulty in learning than the majority of others the same age, or, has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools`

(2014 SEND Code of Practice: 0 to 25 Years – Introduction xiii and xiv)

SEND at Woodlands

Our objectives are:

- To identify, at the earliest possible opportunity, barriers to learning and participation for pupils with SEND (see also Curriculum and Assessment policies)
- To ensure that every child experiences success in their learning and achieves to the highest possible standard
- To enable all children to participate in lessons fully and effectively
- To value and encourage the contribution of all children to the life of the school
- To work in partnership with parents
- To work with the Governing Body to enable them to fulfil their statutory monitoring role with regard to the Policy Statement for SEND
- To work closely with external support agencies, where appropriate, to support the need of individual pupils
- To ensure that all staff have access to training and advice to support quality teaching and learning for all pupils

Around 10% of our children are either at SENS (SEN Support) or have EHC Plans (Education, Health and Care Plans). This is below the national average but means that all teachers expect to have children with SEND in their classes.

Types of SEND which we currently have in school, during 2014-2015, include children with a diagnosis as well as those with learning profiles consistent with the diagnosis:

Communication and Interaction (Autistic Spectrum and Language Disorders)

Cognition and Learning (Dyslexia, Dyspraxia, moderate learning difficulties, global developmental delay)

Social, Emotional and Mental Health (ADHD, ADD, attachment disorders, emotional difficulties, mental health difficulties)

Physical and Sensory (Hearing impaired, Visually Impaired, Acquired Brain Injury, Cerebral Palsy)

Medical Needs (Epilepsy, Eczema, bowel disorders)

Identifying children at SENS (SEN Support)

Children with SEND are identified by one of three assessment routes all of which are part of the overall approach to monitoring progress of all pupils:

- The progress of every child is monitored at termly pupil progress meetings. Where children are identified as not making progress in spite of Quality First Teaching they are discussed with the SEND Co-ordinator and a plan of action is agreed
- Class teachers are continually aware of children's learning. If they observe that a child, as recommended by the 2014 Code of Practice, is making less than expected progress, given their age and individual circumstances, they will seek to identify a cause. This can be characterised by progress which:
 - is significantly slower than that of their peers starting from the same baseline
 - fails to match or better the child's previous rate of progress
 - fails to close the attainment gap between the child and their peers
 - Parents sometimes ask us to look more closely at their child's learning. We take all parental requests seriously and investigate them all. Frequently, the concern can be addressed by Quality First Teaching or some parental support. Otherwise, the child is placed at SENS on our SEND register.

The SEND Co-ordinator is qualified to undertake a range of standardised tests (PhAB, BPVS) with children. She can use these assessments to add to and inform teachers' own understanding and assessments of a child. Although the school can identify special educational needs, and make provision to meet those needs, we do not offer diagnoses. Parents are advised to contact their GP if they think their child may have ASD or ADHD or some other disability.

Working with Parents and Children

We aim to have good and informative relationships with all of our parents. If a child is experiencing difficulties, parents will be informed either at parents' meetings (Autumn/Spring/Summer) or during informal meetings to discuss the child's progress. It should not come as a surprise to a parent to learn that their child is being identified as having SEND.

Once a child has been identified as having SEND, the class teacher will invite the parents to a meeting to:

- formally let them know that their child is being placed at SENS
- discuss assessments that have been completed
- agree a plan and provision for the next term

This is part of the graduated approach cycle of `Assess, Plan, Do, Review` required in the Code of Practice.

Depending on their age, and their interest, the child may be invited to attend all or part of the meeting.

Records are kept of these meetings and copies are available to parents.

Thereafter, parents and children, are invited to a meeting at least each term to review progress made, set targets and agree provision for the next term. In the summer term, there is an annual review of the child's progress.

Paperwork for children at SENS

Once a child has been identified as needing SENS the following paperwork is completed:

- Annually, the following is used to record the child's strengths and interests; what they enjoy about school, what they find hard and what helps them to achieve. This is completed with the child and parent and acts as a guide to their class teacher. The information may be updated during the year.
 - All About Me (ages 0-4)
 - Look at Me (ages 4-7)
 - Look at Me Now (ages 7-11)
- Termly, at progress meetings, a Child Profile, (like an IEP) is produced and/or reviewed. The plan records specific and challenging targets for the child to achieve in a term, together with the personalised provision (which may be 1-1 or in a small group) put in place to enable the child to achieve these targets
- Half termly, at a progress meeting, smaller targets taken directly from the Child Profile are discussed with children and parents and agreed next steps are recorded towards the longer term target
- Weekly, on tracking records, the teacher or teaching assistant records a short comment about progress made towards each of the targets

Moving to an EHCP (Education, Health and Care Plan)

If children fail to make progress, in spite of high quality, targeted support at SENS, we may apply for the child to be assessed for an EHC Plan. Generally, we apply for an EHC Plan if:

- The child is Looked After and therefore additionally vulnerable
- The child has a disability which is lifelong and which means that they will always need support to learn effectively

- The child's achievements are so far below their peers that we think it likely that the child may at some point benefit from special school provision.

Children, who we think will manage in mainstream schools, albeit with support, are less often assessed for EHC Plans. Having a diagnosis (e.g. ASD, ADHD or Dyslexia) does not mean that a child needs an EHC Plan.

If the application for an EHC Plan is successful, a member of the Local Authority will call a meeting for parents, the child and the school together with any health or social care professionals who are involved with the family. The meeting will record the child's strengths, their dreams and aspirations as well as the barriers they face. Following the meeting, the LA will produce the EHC Plan which will record the decisions made at the meeting.

Teaching and Learning

We believe that all children learn best with the rest of their class. Our aim is for all children to be working independently, in class, at the cusp of their potential. Children with SEND are entitled to be taught by their teacher, not always by a TA. Teachers aim to spend time each day working with all children with SEN, individually or as part of a group.

When allocating additional TA support to children, our focus is on outcomes, not hours: we aim to put in sufficient support to enable the child to reach their challenging targets, but without developing a learned dependence on an adult.

The school has a range of interventions available which are listed and costed on a provision map. When considering an intervention, we look first at the child's profile of learning in order that we can select the intervention which is best matched to the child.

Targets for children at SENS are deliberately challenging in the attempt to close the attainment gap between the children and their peers. Interventions are often crucial in closing these gaps, so are monitored closely by both the class teacher, who monitors progress towards the targets during the intervention, and by the SEND Co-ordinator, who monitors overall progress after the intervention.

- Interventions are planned in half termly blocks
- At the end of each block, children's progress towards their targets is assessed and recorded
- A decision is then made as to whether to continue the intervention, to swap to a new intervention, or to allow a period of consolidation in class

The SEND Co-ordinator monitors interventions to identify `what is working well`.

Adaptations to the curriculum teaching and Learning Environment

Woodlands Primary School is disability friendly. The school is one storey level, corridors are wide and we have disabled toilets located on both sites. We generally find that no additional adaptations to the building are necessary for children with physical disabilities. Other adaptations to the physical environment will be made, as appropriate, to accommodate children with other sensory disabilities.

All of our classrooms are inclusion-friendly: we aim to teach in a way that will support children with tendencies towards dyslexia, dyspraxia, ASD etc. This is good practice to support all children but is vital for those who particularly need it. All of our children access the full National Curriculum, and we recognise achievement and expertise in all curricular areas. As part of normal class differentiation, curriculum content and ideas can be simplified and made more accessible by using visual, tactile and concrete resources.

Access to extra-curricular activities

All of our children have equal access to before school, lunchtime and after school clubs which develop engagement with the wider curriculum. Where necessary, we make accommodation and adaptation to meet the physical and learning needs of our children. Class trips/residential trips are part of our curriculum and we aim for all children to benefit from them. No child is excluded from a trip because of SEND or medical needs.

Staff Expertise

Mrs Dean sits on the Graduated Approach Panel, assessing and reviewing funding applications for children with SEND across Cheshire.

Mrs Dean attends SEND local cluster meetings, disseminating best practice and raising awareness of current changes in SEND legislation and inter agency working.

Mrs Dean attends Local Authority briefings for Children in Care (Children Looked After).

All of our teachers are trained to work with children with SEND. Senior Leaders have completed the Outstanding Facilitators Programme, accredited by the National College, and are delivering the Outstanding Teacher Programme to all teachers in Woodlands. (This will be extended to target teachers within the Ellesmere Port Education Partnership). All teachers have access to advice, information, resources and training to enable them to teach all children effectively. We offer training and self-help opportunities through access to in-house or LA courses, provision of books or guidance towards useful websites.

Some of our TAs have ELKLAN training which helps them to support children with communication difficulties. Other TAs and HLTAs (Higher Level Teaching Assistants) have expertise and training on other areas or specific interventions (Read, Write, Inc, Narrative Therapy, Lola, RNIB Unified Braille, MaST). All TAs work with children with SEND.

Our School Counsellor has achieved Level 3 in Counselling skills (CPCAB) and is now enrolled onto Level 4. She supports pupils and their families through TAFs, Social Skills intervention groups, Sleep Counselling, Anxiety issues, Transition Programmes, Bereavement Support, Young Carers Networks.

If we identify information we can't access without the aid of additional, more specialist help, the school is able to buy-in additional expertise from the local authority. This includes access to Educational Psychologists and Advisory Teachers.

Children with Social, Emotional and Mental Health needs

Behaviour is not classified as an SEND. If a child shows consistent unwanted behaviours, the class teacher will assess the child's needs, taking into account family circumstances and the child's known history of experiences. If the child's behaviour is felt to be a response to trauma or to home-based experiences (e.g. bereavement, parental separation) we complete a TAF with the family and support the child through that process.

If parents and school are concerned that the child may have mental health needs, we encourage parents to ask their GP for a referral to CAMHS.

If the child is felt to have long-term social, emotional or mental health needs, for example with anger management, the school offers a range of social skills or therapeutic interventions. These are generally delivered by our Family Support Advisor who develops trusting relationships with the children.

All children's behaviour is responded to consistently in line with our Behaviour Policy, although reasonable adjustments are made to accommodate individual needs.

The school has a zero-tolerance approach to bullying, especially towards children with SEND. We will actively investigate all allegations and, if there is cause, work with both the bully and the victim to improve their social skills.

Transition Arrangements – within school

We understand how difficult it is for children and parents as they move into a new class or a new school and will do what we can, according to the individual needs of the child, to make transitions between classes, including from the Nursery, as smooth as possible. This may include, for example:

- Additional meetings for the parents and child with the new teacher, as well as the three day transition in the Summer Term
- Additional visits to the classroom environment in order to identify where the toilets are, where the pegs are etc.
- Opportunities to take photographs of key people and places in order to make a transition booklet (Social Story)

Enhanced transition arrangements are tailored to meet individual needs such as the `Gardening Programme` for KS1 to KS2 transition.

Transition to Secondary School

Transition reviews for Year 6 pupils are held, in the Summer Term of Year 5. The secondary school SEND Co-ordinator is invited to Annual Reviews and other transition review meetings. Additional arrangements may be made at these reviews e.g. extra visits, travel arrangements etc

Governors

It is the statutory duty of the governors to ensure that the school follows its responsibilities to meet the needs of children with SEND following the requirements of the Code of Practice 2014.

The Governor with particular responsibility for SEND is Sue Adamson. She meets with the SEND Co-ordinator at least termly to discuss actions taken by the school. A termly SEND report is communicated to the Full Governing Body through the Head Teacher Report.

Complaints

The school works, wherever possible, in partnership with parents to ensure a collaborative approach to meeting pupils' needs. All complaints are taken seriously and are heard through the school's Complaints Policy and procedure.

Cheshire West and Chester Local Offer

The purpose of the Local Offer is to enable parents and young people to see more clearly what services are available in their area and how to access them. It includes provision from birth to 25, across Education, Health and Social Care. Cheshire West and Chester's Local Offer is available from the website

www.westcheshirelocaloffer.co.uk

Equal Opportunities

The school is committed to providing equal opportunities for all, regardless of race, faith, gender or capability in all aspects of school. We promote self and mutual respect and a caring and non-judgmental attitude throughout the school.

Review Framework

The policy will be reviewed three yearly (or sooner in the event of revised legislation or guidance)
