

WHERE THE WAVES COLLIDE

- Describe the waves using only words ending in -ing. Adding them to a mind map, how many can you collect? (Use a thesaurus to help you!) Which word is best and why? What type of words are these? Can you now begin a sentence with your favourite word?
- Tell the story using this picture - 'Where the Waves Collide'. Where do they collide? Is this place special? Did someone, or something, make this happen?
- Do waves ever collide like this? Have you seen anything like this?
- What causes waves?
- Are waves needed?
