

Maths 01.06.20

Hi Year 3!

Please continue to use the WhiteRose Maths lessons...

<https://whiterosemaths.com/homelearning/year-3/>

This week, you will be looking at fractions again!

The screenshot shows the WhiteRose Maths website interface. At the top, there's a navigation bar with links: Resources, Professional Development, Home Learning (highlighted), Who We Are, and News. Below this, a banner reads "Home Learning - Year 3". The main content area is divided into two lessons:

- Lesson 1 - Tenth as decimals**: Includes a place value grid showing 5 in the Hundreds column, 0 in the Tens column, and 4 in the Ones column. It asks, "Can you write 4 numbers you can make in this place value grid?".
- Lesson 2 - Fractions on a number line**: Includes a number line diagram and asks, "Fractions less than one whole have a numerator smaller than the denominator."

On the right side, there's a sidebar titled "Home Learning" with a list of resources: Easter Fun, Summer Term, Home Learning - Early Years, Home Learning - Year 1, Home Learning - Year 2, Home Learning - Year 3 (highlighted), Home Learning - Year 4, Home Learning - Year 5, Home Learning - Year 6, Home Learning - Year 7, Home Learning - Year 8, Home Learning - Year 9, and Home Learning - Year 10.

On the website, you will find corresponding Mastery activities to accompany each lesson.

Happy learning!
